

If using a tablet, you will need to have **the google meet app downloaded** onto your device **before you attempt to join the meeting**.

- 1) Download the google meet app before starting.

- 2) Log into google classroom as normal (e.g. on an iPad you can use safari to log in)
- 3) Click on the classroom and go to the stream.
- 4) Click on the 'meet link' at the top, under the class name (if using the google classroom app click on the camera icon in the top right corner instead of a link)
